Hindi

Manipuri

Assamese

### PROFILE

A definite learner with optimistic interest to progress further down the line of a motivated engineering profession. Although a fresher into the technological world, I have undoubted zeal to cope with the present with my team working spirit.

### PROJECTS

#### Online Student Admission

- Developed a Online Student Database Management System for administrative uses only to ease and remove redundancy in orthodox practices.
- Used Xampp, MySQL

#### Captcha Cracking Using Machine Learning

- Trained and performed inference on Captcha Images to crack it automatically without human supervision.
- Tensorflow, Python

#### Noise Cancellation Using Python

- Removed surrounding noises in a WAV file audio clip
- Python

### COURSES

Python Bootcamp From Zero To Hero

Web Development Bootcamp

C Programming 2021

### ACHIEVEMENTS

Won the CBSE Cluster - I in Basketball & Volleyball

Participated in PIMUN 2016

Organised New Earth & Inflorescence Music Concert, Imphal

Performed at various venues in NE India with my band ANGELA

Composed & played guitar for Jayciana theme song with  
NAADA Music Club

Participated in World Scholar's Cup (Guwahati Round)
